BALLARD HEADS BRIDGES COMMITTEE

Madison Representative Also On Body That Will Handle Normal School Legislation

Representative Leonard H. Ballard, of Madison county, was made Chairman of the Committee on public bridges, by Speaker Joe F. Bosworth of the House at Frankfort. Announcement of the committee appointment of the various members of the House and Senate was made Monday. Mr. Ballard's chairmanship may have been received because the Speaker has heard of the agitation over the Clay's Ferry bridge, litigation concerning which is now before the Court of Appeals. This committee usually has very little to do, however.

Mr. Ballard drew a position on the Normal schools committee, which will enable him to look after legislation affecting the big state institution located here. He is also on the committee to consider deferred questions or measures affecting fourth class cities, which will enable him to look after any legislation affecting Richmond. His other committee assignments are committees on agriculture, assignment of committee rooms, constitutional amendments, education No. 1, federal relations.

State Senator Clarence F. Miller, of Irvine, who represents this district in the upper house of the legislature, was well taken care of by the Democratic House Committee on Rules, which named the committees in the senate. Senator Miller was made chairman of the important committee on courts and legal procedure. He was also placed on the committees on Charitable, Penal and Reformatory Institutions, compensation for industrial injuries, education and judiciary.

Mack Morgan, the young representative from Garrard county, was made chairman of the important committee on agriculture. He was also placed on the following committees: Education No. 1, Forestry, Normal Schools, Public Libraries, and cities of fifth and sixth class.

Lincoln county's representative H. G. Skiles, a prominent young banker of Crab Orchard, drew assignments on the committee on banks and banking, geological survey, insurance, life and accident; congressional redistricting, and sinking fund.

Mr. Ballard spent the weekend at his home in the country. He likes his work at Frankfort, and is much pleased with the way things started off. Speaking of his vote against the woman suffrage amendment he said that he would have voted for the amendment giving the people of the state a right to vote on the question. Then, too, he said, it seemed to him that the suffrage proposition was rammed down the throats of members, sort of "railroaded" through; that the members were asked to vote it through before they had hardly gotten their seats well located, and for that reason he didn't vote for it, as he didn't approve of such hasty action on any subject, especially one as important as amending the constitution of the United States.

Asserting that it is not the intention of the law of Kentucky that this state should accept money in return for a privilege which it does not protect, Representative John Murphy, of Covington, introduced in the House of Representatives a resolution providing that the state refund to all saloon keepers the uncollected part of their state license fees. Murphy said that he did not know the amount involved, but that in Kenton and Campbell counties alone it would run up into the thousands of dollars.

A. Mitchell Palmer, Attorney-General of the United States, was invited to address the Legislature.

The resolution of Senator C. S. Nunn, unanimously passed in the Senate, calling on the United States Senate immediately to ratify the peace treaty, was defeated in the House by a vote of 54 to 34.

No Chance Before 16th

(By Associated Press)
Washington, Jan. 13—Final action on the peace treaty by January 16th, when the council or the League of Nations will assemble in Paris, vanished today, according to republican and democratic leaders. A spokesman said no action is probable before next week.

Weather For Kentucky

Fair tonight and probably Wednesday; no decided temperature change.

ANOTHER MURDER CASE IN LOUISVILLE

(By Associated Press)
Louisville, Jan. 13—With her throat cut, the body of Miss Rebecca Lovell, 21, a partial deaf mute, was found today at the entrance to the Shawnee Park rectory by a park guard. The coroner expressed the opinion she had been murdered and possibly killed this morning.

Grand Jury Dismisses Schott

(By Associated Press)
Louisville, Jan. 13—The grand jury today refused to indict Dr. Christopher G. Schott. It made a report to Judge Harry Robinson in criminal court. The report said, "investigation of the case of Dr. Schott charged with willful murder is dismissed." John Griffith and wife, parents of Elizabeth Griffith, the girl whose death in Dr. Christopher Schott's office December 24, stirred Louisville, appeared before the grand jury and demanded the presence of Mrs. Emma Nall, who, the Griffiths declared, saw Schott in front of his office between 2 and 2:30 the day Miss Griffith was killed. The time given is half an hour before Schott says he reached the office.

WILL INVESTIGATE ARMY DECORATIONS

(By Associated Press)
Washington, Jan. 13—A congressional investigation will be made of army decoration awards. Representative Gallatin, democrat of Massachusetts, declared in the House today that more Distinguished Service Medals in proportion were awarded to army officers who never got nearer the front than Washington than to those who saw service overseas. "The Distinguished Service Medal was cheapened and certainly ridiculed by the bold and brazen manner in which it has been passed out to those of the elect," said Gallatin. "It has been used as a reward for friendship, even been used to placate those who have been moved to make way for some one else."

YOUNG MEN TO OPEN NEW CONFECTIONERY

Tom Caden and Leslie Pigg have leased the John E. Sexton store room on West Main street, and will soon open up with a confectionery and soda fountain. They get possession the first of February. They plan to install all modern conveniences and to make their place a delightful one for ladies and children especially. Both are prominent young business men of Richmond, and have many friends who will be interested in their success.

Legion Pests Acting Alone On Dempsey

Indianapolis, Ind. Jan. 13—Various American Legion posts are acting independently of the national organization condemning Jack Dempsey heavy weight boxing champion, on his war record, according to information given out here today. National officers of the Legion are not considering taking any official action along such lines, Assistant Adjutant General Rennick said.

HEARD ABOUT TOWN

Capt. W. T. Short and family are now domiciled in their new residence on Glyndon and Fourth.

Miss Sue Bolton, efficient Western Union agent, is visiting in Lexington, and J. C. Cain is substituting on the key for her.

Prompted by a raid on the flock of Wm. Robb, in which sheep valued at \$400 were killed, Clark county farmers are planning an intensive campaign against dogs. R. L. David, of Winchester, made application for the return of the body of his son, Bertie David, killed in action, buried at Romage, France.

Mr. and Mrs. Stewart Carson, of Stanford, are visiting relatives here during his vacation. He is the efficient Western Union manager there.

RICHMOND MARKET IS PROVEN MUCH HIGHER

Local Pinhooker Cleans Up By Buying In Another Town and Then Selling Crop Here

Splendid prices continued on the Richmond tobacco market today. There is no let-up and every indication that the market will continue to improve from now on.

An indication of just how much better the Richmond market is than in other counties was shown on the local breaks Tuesday morning. A prominent local "pinhooker" had bought half of a crop in an adjoining county. It went to another warehouse, outside of Richmond. The Richmond man rejected the sale of his half of the crop, and then bought out his partner at what had been offered in the other town, which was \$50.25 a hundred pounds.

Tuesday morning the local man brought the same crop to the Richmond market, placed it on sale and sold it for \$55 a hundred pounds—a clear profit of \$5 a hundred over what the same crop had been sold for at another market and not a hundred miles away from Richmond either. Some sales noted on the local breaks since last report are:

Robert Warrmouth sold the following baskets: 220 lbs at 60c; 135 lbs at 81c; 130 lbs at 96c; 90 lbs at 77c; 115 lbs at 58c; 170 lbs at 27 1/2c; 35 lbs at 7c.

NO GREAT ACT OF HEROISM REQUIRED

If some great act of heroism was necessary to protect a child from a group, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of a cold appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual.

CAN'T REPEAL ACT OF RATIFICATION

Anti-Saloon Head Says 'Most Absolute Power Cannot Recall A Past Act

(By Associated Press)
Washington, Jan. 13—State legislatures cannot under the law repeal their ratification of the constitutional prohibition amendment, Wayne B. Wheeler, counsel for the Anti-Saloon League, declared in a statement today, discussing the recommendations for repeal made to the New York law makers by Gov. Smith.

Wheeler cited attempts of New Jersey and Ohio to withdraw their ratification of the 14th Amendment which Congress refused to accept and quoted Chief Justice Marshall to the effect "if an act be done under a law, the succeeding legislature cannot undo it. The past cannot be recalled by the most absolute power."

Won't Let Michigan Veto On It

(By Associated Press)
Lansing, Mich., Jan. 13—The validity of the action of the Michigan legislature in ratifying the federal prohibition amendment without submitting the question to a referendum was argued today in the Supreme Court. The question comes into court on the refusal of Secretary of State Vaughn to accept the initiatory petitions seeking a referendum on the measures.

COLORED BOY SHOT BY LITTLE FRIEND

J. C. Boggs, Jr., a young colored boy, shot and severely wounded Charles Collins, another colored youngster, at the home of the former on Linden street Monday. The shooting is said to have been entirely an accident. The boys came home from school and got a pistol out of a drawer by prizing it open. The Boggs boy pointed the gun at his companion and pulled the trigger. The bullet entered his body but luckily did not penetrate the intestines. Physicians have so far been unable to locate the bullet. One of boys is six and the other seven years old.

Mascos To Meet Tonight

The Master Mason's degree will be conferred upon two candidates and a representative of the Grand Lodge will be present at the regular session of Richmond Lodge, No. 25, F. & A. M. tonight. Quite a gathering of the craftsmen from over the county is expected for this occasion.

APPOINTED ADMINISTRATRIX

Belle Walker has been appointed administratrix of the estate of her mother, the late Mary Jane Walker, by Judge W. K. Price. Bond of \$1,500 was furnished with Lillian Foss Myers, Jennie Walker Held and Anne Huffman as sureties. Appraisers appointed for the estate are Messrs. Robert Walker, G. W. Samuels and Burton Roberts.

TO THE DYSPETIC

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

MISS LAURA CLAY FOR U. S. SENATOR?

Lexington Paper Says She May Be Candidate If Women Get Vote This Year

Miss Laura Clay, of Richmond and Lexington, may be a candidate for the United States senate, if women obtain the ballot in time, this year according to a story in the Lexington Leader Sunday. Miss Clay is the pioneer suffragist of Kentucky. She tented the Democratic state convention last September as a delegate from Madison county and made a strong fight before the resolutions committee for her suffrage plank. Her possible candidacy would undoubtedly arouse great interest everywhere and especially here in her home county. The Leader story Sunday said:

Miss Laura Clay for United States senator, if the woman suffrage amendment to the constitution of the United States is adopted, is the united program of both factions in the suffrage fight in Kentucky, judging from expressions from prominent members of both factions, who were asked Saturday if the women had any candidates for office in the event their amendment won.

Mrs. Harrison G. Foster, formerly prominent in Washington State politics, and herself a delegate to Democratic national conventions from that State, said that at a dinner party the other day she had suggested a complete slate of candidates, including the Legislature and Congress. Mrs. Foster has the distinction of having refused to run for Congress in Washington. She refused to give the names of candidates other than Miss Clay, whom she had slated for the Senate.

Miss Clay is my choice for the Senate," she said. "I don't mind saying that much. The 'slate' as you call it, came to me on the inspiration of the moment, but if that slate went thru and was elected, this city, county and State would be as well represented at Frankfort and Washington as they ever have been in their history. There is no doubt in my mind that some of the women are preparing right now to run for office in the event of the Anthony amendment.

"You can say that the suffragists of Kentucky would be united on one thing—the matter of making Miss Laura Clay United States senator if she would run," said Mrs. E. L. Hutchinson, for years a leader in suffrage matters in Fayette county and in the State. "There would be no factions on that question," she said. "Mrs. Frances E. Beauchamp, secretary of the national committee of the Prohibition party, and herself a suffrage worker as well as a prohibition advocate for years, said she was of the opinion that the adoption of the Anthony amendment would give the women the right only to vote in Federal elections until Kentucky adopted a State amendment."

Mrs. Frank L. McVey, president of the Fayette Equal Rights Association, however, said that, in her opinion, the adoption of the Anthony amendment would remove all political disability from women. Mrs. Foster expressed the same view, saying that the Anthony amendment was exactly that the word "sex" is used in place of "race, color or previous condition of servitude." That would make the Anthony amendment read as follows:

ARTICLE XIX

"1—The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.

"2—The Congress shall have power to enforce the provisions of this article by appropriate legislation."

TWO MEN KILLED ON ROSS CREEK

News has been received here on a double killing on Ross Creek in Estill county Saturday night. According to the information received here, Charles Rowland shot and killed a man named Rader and Shelby Martin killed John Freeman. A drinking affray is said to have led to the killing were not learned.

NEGRO BOYS JAILED FOR STEALING COAL

Five young negro boys were given jail sentences and two others who claimed to be under 16 years old, were sentenced to the Reform School by a jury upon conviction in county court Tuesday morning of stealing coal from L. & N. freight trains near the depot. One of the boys who was given a jail sentence, Chester Crawford, has just finished a term for the same offense. The boys were arrested by Patrolmen Maupin and Turner Sunday night. The older boys were on top of coal cars throwing off coal, which the younger ones were loading into push carts. They are said to have sold a considerable quantity.

The boys caught and the sentences they received were: Chester Crawford, 60 days; Alonzo Hilde, 30 days; Stonewell Wilkin, 30 days; James Lloyd, 60 days; and Ernest Menefee, 60 days. The younger boys were William Monday and Charles Irvine Fife. Each was sentenced to the Reform School for one year but the sentences were suspended by Judge Price pending their good behavior.

BOTH NOW READY FOR COMMISSION TO ACT

(By Associated Press)
Washington, Jan. 13—Mine operators in the central competitive field today told the commission named to settle the bituminous coal strike that they would accept with a single reservation any award the commission might make. The operators said they would not be a party to fixing coal prices beyond the period of effectiveness of the Lever law. They also said they would not make acceptance of the commission's award contingent upon answers to ten questions which the operators yesterday asked the commission.

The miners then put before the commission their full demands as originally made before the strike for a 60 per cent wage increase, six-hour day and five-day week. Acting President Lewis said their demands were not a mere pretense on which to trade but "originated in the minds of the miners themselves."

Fire originating from defective wiring destroyed the handsome home of Isaac Miller near Lexington, entailing a loss of \$10,000. Little household furniture was saved.

TWO MORE BIG CROWDS HEAR DR. MORRISON

Striking Illustrations Given of Relationship of Christ and His Church

The revival services at the Methodist church are growing in interest. Notwithstanding the fact that Monday is a busy day, a large audience gathered at the 2:30 service in the afternoon.

Dr. Morrison took for his text a beautiful passage of scripture found in Gen. 24:9: "And now if ye will deal kindly and truly with my Master, tell me, and if not, tell me, that I may turn to the right hand or to the left."

Dr. Morrison commented on the fact that Abraham's wife was dead and that Abraham commissioned his servant to go and find a bride for Isaac.

Knowing that Isaac was to be the father of a great nation was remarked that Isaac's wife was to be the mother of that nation, and Abraham knew as we all do that you cannot have a great family without a great mother.

The preacher called attention to the fact that the mother wields the most powerful influence over her offspring.

He said that he knew numbers of instances where excellent families of children had grown up with very inferior, sometimes drunken fathers, but he challenged the audience to point out one instance of a good family with a bad mother.

The preacher dwelt at some length on the finding of Rebekah and got a beautiful illustration out of the engagement ring.

In the spiritual interpretation of the Hebrew romance, Mr. Morrison said that Abraham represented the Infinite Father, Isaac was a beautiful type of Christ and the "spirit-filled" minister stands for the servant under covenant seeking for a bride for Jesus.

"The church is the bride of Christ. She must be separated from the world; she must be a pure and consecrated bride in order that she may be a fruitful bride. It is through a pure church, consecrated to Christ that our Lord wins lost souls."

The speaker gave some striking illustrations of the beautiful relationship of husband and wife, of Christ and His church.

The audience gave every evidence of appreciative interest.

The evening audience packed the church and many chairs were used. The preacher's theme was "The Lost Christ."

He showed how that, notwithstanding Mary believed in Jesus and loved Jesus and would not have intentionally gone away from Jerusalem, and left Jesus behind, yet in her eagerness to keep up with the kinfolk and acquaintance she travelled an entire day on the mere supposition that Jesus was in the company when, in fact, He had been left in Jerusalem.

He described her return and the finding of Christ and then called attention to the fact that many church members in their effort to keep up with the crowd, in the eagerness of business pursuits, in their chase after pleasure, had left Jesus far behind.

He urged the people not to be content with church membership with its forms and ceremonies but to be sure of the presence and companionship of Christ.

Thinking over the matter, wasn't the preacher correct, isn't it one thing to be a church member and another thing to be a Christian? Isn't it possible that we have not a few professing Christians who in their struggle to keep up with the world, have left Christ far behind. These are questions demanding serious and careful thinking on the part of all professed Christians—Contributed.

Warrant Is Dismissed

The warrant against Marcus Phelps, colored, preferred by Lillie Hocker, also colored, was dismissed in county court Tuesday upon filing of a written statement by the Hocker woman that she refused to marry Phelps, and upon payment by him of \$300 in lieu of all damages.

CONSTIPATION

DR. CALDWELL'S Syrup Pepsin is a combination of simple laxative herbs with pepsin that quickly relieves the congestion of undigested food and poisonous waste matter, and restores the normal regularity of natural action. It does not gripe or cramp and is as safe and pleasant for children as it is effective on even the strongest constitution.

Dr. Caldwell's Syrup Pepsin is the indispensable family remedy in thousands of homes and is sold in drug stores everywhere.
In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

Gentry—Atkins

Mr. and Mrs. N. Bayard Gentry, of Louisville, announce the marriage of their daughter, Miss Gertrude Lewis Gentry to Mr. Herbert Holbrook Atkins, on Wednesday Jan. 7th at 8:30. The wedding was solemnized by the Rev. W. N. Briney, of the Broadway Christian church. Mr. and Mrs. Atkins left after the ceremony for an extended trip to Chicago, St. Paul, and Denver. Mr. Atkins is a member of the firm of Burt, Atkins & Henderson, Brokers, and is a young man making high in the business circles of the Falls Cities. After their return they will reside with Mr. and Mrs. Gentry in their new home, near Cherokee Park. Many friends here will extend congratulations.

Wooley—Cockrill

Mr. Robert Cockrill and Miss Millie Wooley were quietly married by Rev. E. C. Nall at the home of the groom in Irvine Wednesday night. The bride is the attractive daughter of Henry Wooley of Irvine, but made her home with her uncle and aunt. Mr. and Mrs. Sanford McDowell of this place. The groom is the youngest son of Mrs. Mack Cockrill and is one of Irvine's well known young men.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks."

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to feed at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

Music Clubs Federation

The local Federation of Musical Clubs held its annual business meeting Monday afternoon at the home of Mrs. B. L. Midleton on Lancaster avenue. The president, Mrs. Harvey Chenault, took charge of the session and it proved one of the most successful in the history of this organization. All the seven clubs were represented with thirty-six members present. The officers elected for the new year were: President, Mrs. Paul Burnam; Vice President, Mrs. Alex Denny; Recording Secretary, Mrs. James Leeds; Corresponding Secretary, Miss Duncan Foster; Treasurer, Miss Amy Turley.

Reports were given from all the clubs and were most creditable, and the work of the Juniors was highly commended. There were several important subjects brought before this body for discussion. Among them the annual piano contest and the Federation of state clubs. It was decided to change the date of the annual meeting to the first Saturday in October as formerly, holding a full day's session for business and arranging for the evening either a member's or an artist's concert. The members present consented to assist the ministers of the town and the Mayor in the concert, which they are planning to have on Saturday night, for the Associated Charities. This recital is to be given by the noted violinist, Isolda Menges, and the eighty-six members of the Richmond Federation are asked to assist in the sale of tickets.

The musical programme of the Federation under the direction of Mrs. Harvey Chenault has already been announced for Wednesday afternoon at the Caldwell building. The members are all expected to attend and the public is cordially invited.

DON'T YOU FORGET IT

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no opium or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.

Don't Prod Your Liver to Action

NR Overcomes Biliouness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others.

"Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NR Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliousness, corrects constipation and quickly relieves sick headache.

Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used. No pay, Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

HEARD ABOUT TOWN

Mrs. Sarah C. Hair, 79 years old, one of Lexington's best-known women and representative of a prominent Southern family, died at her home there.

During the year 339 tubercular cattle, more than half milk cows which menaced human life, were destroyed in Kentucky by the Live Stock Sanitary Board, which tested 14,059 animals. Cholera hogs to the number of 94,443 were tested and 60 per cent recovered. Tests show that the tuberculosis affecting 8 per cent of the children in Kentucky is of bovine origin. This fact has been disclosed by Dr. S. F. Musselman, State veterinarian, in his report to the Live Stock Sanitation Board.

Senator and Mrs. Johnson N. Camden, of Versailles, have had a cablegram from their daughter, Miss Anne Camden, giving most encouraging news of the condition of Miss Tevis Camden, who has been ill in Shanghai with an attack of pneumonia. According to the cablegram Miss Camden's temperature is almost normal and all the indications are that the attack was very mild. Senator and Mrs. Camden have, however, cabled advising their daughter, Miss Tevis Camden, to secure a trained nurse and return home instead of continuing on her trip around the world with Mrs. Brodhead and Miss Anne Camden.

PREVENT PNEUMONIA

Neglect of a simple cold is often the direct cause of pneumonia. Children do not like to take nauseating medicine but do like the soothing effect of the external remedy,

Brame's Vapomenthia Salve is applied by rubbing this delightful salve into the chest and under the arms. The result is almost instant relief from cough and cold. It is not unusual for workmen cases of pneumonia to succumb after a few applications. Recommended by doctors for the youngest babe as well as for grown-ups.

REORGANIZING THE PARTY
(Elizabethtown News)

In the face of the most disastrous defeat in the history of the Democratic party in Kentucky it is a self-evident fact that it should be thoroughly re-organized before the next election. We can't afford to go into the race for President with a discredited leadership.

While it would be absurd to lay the crushing defeat of last November entirely to the party organization, for many things contributed to that landslide, but the fact remains that the rank and file of the party demands new leadership and men put at the head of the party committees who will inspire confidence.

When the Democratic State Convention meets to send delegates to the National Convention, the committees of the party are chosen, and we take it for granted that those who have directed the party in the last few years so unfortunately and so disastrously let other men be named in their stead will gracefully step aside.

places. In Louisville especially the party organization is very offensive to thousands of good Democrats, and it is certainly that if that city is ever reclaimed by the Democrats there must be an entire change in the party organization and the very highest class and best Democrats of this city put in control.

We will need a new Chairman of the Democratic State Central and State Executive Committee. Judge Charles Hardin is a fine man and a good Democrat, but on account of his judicial temperament he has shown no elements of party leadership and was himself defeated for Congress in a Democratic District.

Above the personality of our party leadership the ban of machine politics has been upon it for years. It has been under the influence or control of one set of politicians or another for twenty years. The Democratic voters want a Committee which stands distinctly for the party and not for any politician or office holder or any set of them. If we should select our committees entirely of men who look only to the success of the party, and above the aspirations of any candidate, we will take the first step toward redeeming Kentucky this year.

Yellow Mustard For Sore Throat, Tonsillitis

Old fashioned remedies are often the best. Yellow Mustard in the form of poultice, has been used for generations for soreness, in inflammation, congestions and swellings with most excellent results but it blistered.

Heat cases pain and Begg's Mustardine made of pure yellow mustard, together with other pain relieving ingredients is just as hot, but quicker, cleaner, and more effective and cannot blister. When your throat is sore, when you have pleurisy, bronchitis or a pain-shooting chest cold you can get speedy and lasting relief with this most effective preparation because heat cases pain. Every druggist has it—30 and 60 cents.

Some Phone Figures

Washington, Jan. 13—According to the report about to be issued by the Bureau of Census showing the results of the census of telephones covering the year of 1917, there are 53,234 separate telephone systems and lines. These lines and systems operated 28,827,188 miles of wire in the United States—enough to girdle the earth at the equator 1,153 times—and connected 11,716,520 telephones and 21,175 public exchanges. The messages or "talks" sent over these wires aggregated the stupendous total of nearly 22 billion, or to be exact, 21,845,722,335. Figured on the estimated population of the country in 1917 this gives 211 messages per annum to every man, woman and child.

The industry in 1917 gave employment to 262,629 persons of whom 171,119, or over 65 per cent were women. The sum paid out in salaries and wages amounted to \$175,670,449. These employees operated plants and equipment valued at \$1,492,329,015, which yielded operating and non-operating revenues of \$391,499,531.

During the past year session, one hundred Transylvania College students earned all their expense, and 125 a part of their expense. About 75 per cent of the student body, including women and well as men, are dependent upon their own resources in securing an education. The total amount earned by these students last session was above \$50,000.

THE BEST COUGH MEDICINE

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Caburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

Hair Coming Out And Doubles
Its Beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

If you want a happy family 1920, use Potts Gold Dust flour. It costs no more and is better. Ask your grocer. 9-6

Grow Your Hair FREE RECIPE

After being almost totally bald a New York business man grew hair—and now has a profuse growth at age of 60—for which he will send the genuine recipe free on request to any man or woman who wishes to overcome dandruff or gain new hair growth. Or testing box of the preparation, *Katalin*, will be mailed with recipe if you send 10 cts. stamps or silver. This address is John H. Brittain, BT-301, Station F, New York, N. Y.
